## Type 625B4 Modular Wall Jacks - Smooth Finish

Standard flush mount jacks are available in smooth-finish single-jack or duplex models, and Decora styles. All feature one-piece construction and install easily in standard electrical boxes. Many are available in both standard plate sizes (69.9mm W x 114.3mm H x 4.8mm D) and Midway plate sizes (9.5mm greater in height and width), in a variety of colors.

Includes jack, plate, and mounting hardware. Fits standard NEMA wallboxes. Screw terminals.
