WA-9

Universal Travel Adapter -  
Link up the whole world.

### WA Series Universal Adapter

The changeable Adapters within this series can be inserted into all kinds of plugs, and provide an easy way to convert the world's existing power outlets into a universal one. Your machine/equipment (e.g. Power Supply, DC-AC, AVR and UPS) can incorporate these Adapters as an accessory to meet the different needs and make it ready for use all over the world -- and you are able now to sell your products worldwide without any problem.
