

Slimline 19"

- Slim casing
- Electronic ballast
- Lamp without/with electrical socket (choice of sockets)
- Energy saving lamp
- On/Off switch

This built-in lamp is suitable e.g. for keyboard lighting in 19" racks. The flat design of the lamp only requires one unit (43.6mm) in height. It is fitted with a reflector that serves as a glare shield and so can be fitted in the middle of an enclosure. An integrated electrical socket allows the use of additional appliances.

Power consumption	11W
Lamp type	energy saving lamp, 2G7 socket
Service life	10,000h
Switch	on/off switch for lamp
Connection	terminal 2.5mm ² with cable clamp (w/o cable)
Mounting	screw fixing (max. M6) Mounting bracket:aluminium, with cable bushing
Length	345mm
Width	91mm
Height	40mm
Weight (approx.)	0.50kg
Storage temp.	-30 °C (-22 °F) to 60 °C (140 °F)
Protection type / class	IP 20 / I (earthed) with socket / II (double insulated) w/o socket
